[CREMATION OPTIONS](#)

Whether choosing cremation with no services (Basic Cremation) to a full memorial service, families find our options and low cost pricing refreshing. Gathering of families and friends at Aspen is a relaxed memorial option. Families enjoy memory sharing with good music, refreshments and coffee.

BURIAL OPTIONS

Aspen has been making funeral arrangements since opening in 1998. Even though we are now

a cremation service, we honor all of our pre-arranged funerals including burials. We would still be happy to talk with anyone about a Graveside Service package with a closed casket.

[LOW COST FUNERAL MERCHANDISE](#)

Aspen has a large and low cost urn display. We offer a variety of cremation urns at very fair prices. Included are cremation urn keepsakes, keepsake cremation jewelry, pet urns, infant urns, and memorial gifts. A unique memorial is the popular "Thumbie" commemorating a loved one with a thumbprint engraved on a charm for a necklace. We also offer several urn vault combinations (perfect for Wyuka Cemetery, Fairview Cemetery and Lincoln Memorial Park) and many other products for very fair prices.

PERSONALIZATION

Another expression of love is placing an obituary, sending a condolence, sending funeral flowers or a memorial gift. Our user-friendly website can assist you in all of these matters even before you come into our funeral home. Our customized memorial books and memorial folders also help in making a funeral personal and aid in the grieving process.

[FUNERAL PLANNING](#)

Aspen offers pre-planning arrangements (pre-arranging). Pre-paying sets the cost and offers

peace of mind. We promise a “no pressure” pre-arrangement. You can’t predict the future, but you can plan for it. Pre-arranging your funeral is a loving choice.
